- ⇒ Murmansk Region, MSHU and MSTU
- ⇒ Petrozavodsk KSPA and PetrSU
- ⇒ Arkhangelsk, 2 in NARFU and 1- NSMU

The idea behind the virtual rooms is to equip, in each Russian partner university, one room with sufficient infrastructure for multipoint online meetings, web conferences and teaching activities. Due to the limitations of available resources, the first step is to build up virtual meeting rooms and equip the physical rooms with basic infrastructure to allow multipoint meetings and teaching virtually.

Virtual rooms are connected to existing facilities in Nordic partner universities in Narvik, Luleå, Oulu and Rovaniemi.
