Description: The European Data Portal (<https://www.europeandataportal.eu/en>) provides access to 1,120,730 Open Government Data public datasets from 35 countries (European Union member states, the EEA, Switzerland and countries in the EU Neighbourhood Policy programme). The interface of the website is available in twenty-five languages.

The Seminar will give an overview about the wide range of activities carried out by the Portal. The introduction of the Seminar will give an insight about Open Government Data in the light of the new Directive on open data and the re-use of public sector information, [Directive \(EU\) 2019/1024](#).
