# KASVATUSTIETEEN PÄIVÄT 2017

## **1. In it together – Showcasing ongoing doctoral research in the FinEd network** chair Pauliina Rautio, University of Oulu

The FinEd Network warmly welcomes doctoral candidates from the FinEd member universities and the University of Helsinki to the symposium in the main FERA Conference. The symposium offers a continuation of the pre-conference and invites the doctoral candidates to present their ongoing research with brief Pecha kucha -inspired talks (see e.g. <https://en.wikipedia.org/wiki/PechaKucha>). The audience will get an overview of ongoing doctoral research in the nationwide network and a chance to engage with each other. The symposium presentations can be held in either Finnish or English.

The deadline for abstract submission is 2 October 2017. Abstracts (max length 250 words) must be submitted using the online submission system of the FERA Conference. Notifications of acceptance will be sent out by 16 October 2017.
