

## Arctic Sustainable Arts and Design (ASAD) Meeting

### DRAFT PROGRAMME

SATURDAY 10 NOVEMBER

The overall aim of the day is very practical: to develop a realistic plan of activities for the next two years based on the aims and objectives of the ASAD network and in particular to develop actions for the Special Interest Group (SIG) Arctic Arts and Visual Culture Education (AAVCE).

The objectives of AAVCE are to:

1. Implement the relevant parts of the UNESCO goals for arts education in the Arctic area
2. Identify and develop the rich cross section of contemporary art and traditional visual cultures of the Arctic region
3. Foster community-based art and visual culture education
4. Use arts and visual culture for empowerment of the inhabitants of the Arctic area inspired by nature, culture and environment
5. Increase the profile and sharing of traditional and new arts and visual education practices

Note: *participants in this session will have taken part in the WAAE summit, which focused on the UNESCO goals; this session will therefore concentrate on objectives 2-5.*
