

Seminar on Collaborative Contracting

Monday, 13th of December, 2021

10.15-11.45

Lecture Room 6

[Link to a virtual meeting room](#)

The use of [Collaborative Contracting](#) approaches is emerging fast in several industries. Agile projects, project alliances, and joint research and development projects are examples of collaboration settings requiring Collaborative Contracting. The Collaborative Contracting Research Seminar is organised by the Faculty of Law, together with a Project Management Research team located at the University of Oulu, Industrial Engineering and Management department.

Agenda

10.15-10.30 Research collaboration of Faculty of Law and Project Management Research team.

Dean, Professor Soili Nystén-Haarala

10.30-11.15 Research plan presentation: *Collaborative Contracting in Temporary Inter-Organizational Projects*. Academy of Finland application.

University Lecturer, LL.D. Anna Hurmerinta-Haanpää & Postdoctoral Researcher, D.Sc. (Tech) Jere Lehtinen

11.15-11.45 Research plan presentation: *Development of collaborative project delivery model for industrial engineering projects*. Doctoral research.

Doctoral Researcher, M.Sc. (Tech) Tommi Pauna

We warmly welcome to the seminar everyone interested in contracts and collaboration!
